

SWOT Analysis

Strengths

- Considerable knowledge of full stack web development.
- Team working experience through some projects.
- Good academic performance with CGPA of 9.72.

Weaknesses

- Not much expertise in competitive coding.
- Lack of public speaking skills.
- Lack of communication and marketing skills.

Opportunities

- Got some good projects to work on from student groups and teachers.
- Using my knowledge, I could conduct SIGs for students

Threats

- Rising competition in the field.
- Internships where work from home is not available may affect academics due to attendance policies.
